

Kontakte importieren

Fill your address book without any great manual work. An import for contacts is provided in the web interface under **Configuration - Address book - Import contacts**.

The import of groups requires the licensing of the *Receiver groups* module.

Import your contacts and add them to recipient groups at once. Keep all your contacts always up to date with the automization function. The contacts are imported by a *CSV* file.

The CSV file needs to be structured according to the following scheme:

Name of the contact	Telephone number	Email address	Groups
john_doe	00491701234567	john_doe@domain.tld	Group1,Group2,Group3
jane_doe	00491707654321		Group4
johnnie_doe	00491623454321		Group1,Group2

The columns must be separated by ; (semicolon)

Import contacts

CSV file	<input type="text" value="http://192.168.4.1/import.csv"/> OR <input type="button" value="Choose file"/>	<input type="button" value="Import now"/>
Deactivate SSL certificates check	<input checked="" type="checkbox"/>	
Reset address book	<input type="radio"/> No <input checked="" type="radio"/> Yes	
Automatic import	<input type="radio"/> No <input checked="" type="radio"/> Yes	
Interval	<input type="text" value="0 3 * * *"/>	

CSV file

Store the CSV file on a webserver, to keep your address book up to date.

Alternatively, you can import the data once, by uploading the file manually. Use the *Import now* button to start the import.

Disable server certificate check

Enable this option to turn off the server certificate check.

Reset address book

Enable this option to delete all contacts and groups before the import starts.

⚠ Please note that all destinations in monitoring and message routing will be also deleted.

Automatic import

Enable this function to start the import automatically. You can define a time interval for the automatic import. Use this function to keep your address book up to date.

Interval

Timing for the automatic import (<https://en.wikipedia.org/wiki/Cron>)

Beispiele..

Minutes	Hours	Day of month	Month	Day of week	Remarks
*	*	*	*	*	Every minute, round the clock, seven days a week
0	3	*	*	*	Daily at three o'clock
5	*	*	*	*	Five minutes on the hour
*/5	*	*	*	*	Every five minutes
0	0	*	*	0	Every Sunday midnight
0	0	*	*	1-5	Monday to Friday at midnight
